WHY KATHRYN FOR YOUR AUDIENCE?

She Is the Living Embodiment And Expert In **Walking Your Talk.**

Born with a disability cerebral palsy, I have overcome a lifetime of “no you can’t” to “yes, I can”. With 3 degrees, 2 world championship bronze medals, a best-selling book, multiple awards, and an accounting designation my life’s journey has prepared me to inspire audiences how to navigate and succeed on life’s road.

Invite me to your next event and you’ll see how I’ll have your audience sitting on the edge of their seats at the very first words—and dancing at the very last. In my powerful presentation, I will inspire your audience members to:

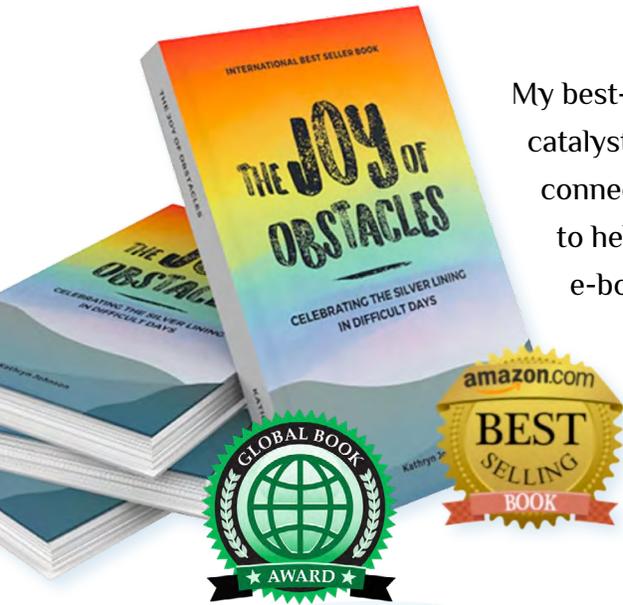

- Embrace life and appreciate all it has to offer...no matter what challenges they may experience.
- Move forward through those challenges and see them as gifts.
- Make a profound impact in the world by connecting with others in new and deeply meaningful ways.

By sharing my unique personal story, I lead your audience to a fresh perspective of life proving that any obstacle or challenge can be the open door to transformation and joy. It is truly all in how you see the world. Give your audience the chance for a full-on life adjustment and joy tune-up. My keynote is guaranteed to leave audiences empowered, energized, and ready to live life more fully.

THE JOY OF OBSTACLES

My best-selling book teaches people to see obstacles as gifts. It is a catalyst for learning and growth. Obstacles provide us an opportunity to connect, to support each other, and to pass on what we have learned to help others on their journey. The companion e-book 21 SIMPLE SOLUTIONS and fillable journal gives them the keys to go from surviving to thriving.
